OBJECTIVE

I am a 4th year urban planning student at UC San Diego interested in a position that will help me work closely with diverse communities and gain valuable experience as a future practitioner. My interests are particularly in urban design, affordable housing and accessory-dwelling unit policy, international development, Eastern European and Korean urbanism, and aging populations.

EDUCATION

B.A. Urban Studies and Planning – UC San Diego

- Major GPA: 3.93
- Cumulative GPA: 3.26
- Minors in Environmental Studies and Speculative Design
- Expected graduation March 2020
- Relevant coursework includes several team and individual urban design studios, site analysis, land use, sustainable planning and development, GIS, architecture, and statistics.

KEY SKILLS

- Microsoft Office Suite
- Adobe InDesign
- Google Sketchup
- Beginner GIS
- Time management and organization

EXPERIENCE

November 2018-June 2019

Transportation Planning Intern • IBI Group - San Diego

Intern roles included the review of San Diego regional public transportation proposals; assistance preparing California public transportation assessments; preparation of stakeholder meeting materials; and assisting office planners and transportation engineers with daily administrative duties of the firm.

May 2017-Present

Residential Life Intern • UC San Diego, Sixth College

Duties involve working with university administration to assist in the coordination and support of undergraduate housing assignments; assisting college-wide events; and serving as a front desk intern to greet and counsel student residents and families who call and visit the office to receive consultation regarding their living arrangements.
