2019 continued to see legislative efforts focus on addressing various strategies to increase housing production. Senator Wiener’s SB 50 – a bill that would require approval of multifamily development near transit and in job centers - dominated much of the news coverage and public discourse during the first part of the year, but it ultimately was made a two-year bill and did not advance to the Governor in 2019. AB 1482 created statewide rent stabilization and eviction protections for tenants, and it also attracted much coverage and attention before being signed into law. In the meantime, many bills passed without the same level of attention, notably SB 330 (the Housing Crisis Act of 2019, limiting the ability to enforce certain housing regulations) and the suite of bills intended to further promote second unit development. 2019 also saw the first major effects of implementing 2018’s Housing Element bills (AB 1771 and SB 828) as SCAG has begun grappling with how to plan for a significantly increased regional housing needs allocation.

Lawmakers also made an effort to minimize future disasters from wildfires through Senator Jackson’s SB 182, which would restrict new development in fire hazard areas and impose new development standards in areas with increased risk of wildfire where building is still permitted. Debates over how this bill would affect housing production pushed this to a two-year bill, but we expect to see it return in 2020.

Debates continue around how to finance infrastructure, community facilities, and services as we plan for increased housing supply throughout the state. Senator Beall proposed SB 5, which would have created a new financing tool for cities and counties to help pay for infrastructure and affordable housing construction, but the Governor vetoed the bill. Meanwhile, ACA 1 was made a two-year bill and presents another opportunity to reform the vote requirements to make it easier to finance infrastructure and affordable housing.

Finally, AB 1483 will make impact fees more transparent and begin reporting fee information to HCD. AB 1484 is a two-year bill intended to implement additional reforms to the impact fee process and will continue to move in 2020.

**How You Can Get Involved in Shaping APA California's Legislative Positions**

2020 promises to be just as active as 2019 was, and we encourage you to be involved through APA California’s Legislative Review Team, whose members advise APA California on legislative positions, potential amendments and key planning policies. Information on the Review Team and sign up information are located on the APA California website legislation page. To find APA’s positions on all of the major planning-related bills, and to review APA’s letters on those bills, please go to the legislative tab on APA’s website at www.apacalifornia.com. All position letters are posted on the APA California website “Legislation” page, which can be found here: https://www.apacalifornia.org/legislation/legislative-review-teams/position-letters/.

**Legislative Webinars**

APA California recently hosted two webinars that focused on implementation of the recent passage of the ADU bills (mainly AB 68, AB 881 and SB 13) and the Housing Crisis Act of 2019 (SB 330). The focus of the webinars was to provide members with an update on the new laws in order to
ensure proper implementation. Materials for the webinars can be accessed on APA California’s website.

SB 50 in 2020
Looking forward to the 2020 Legislative session, APA California will continue to engage on SB 50 (Wiener, Housing Development Incentives and Requirements), which was made a two-year bill in 2019. Discussions on the bill are ongoing and it is expected that the bill will continue to move during 2020. We know this is important legislation, and our members have strong opinions regarding its future. We have been involved in trying to improve SB 50 so that it promotes higher density in infill and growth areas linked to transit, minimum average density and affordability near major transit stops, through the use of good planning principals. We appreciate the efforts the authors and sponsors have made to improve SB 50 to date, and the Chapter will continue to be engaged with their offices in 2020.

High Priority Bills with Positions
Below are some of the other high priority bills APA California worked on this year. Position letters for these bills are located on the APA California website. To view the full list of hot planning bills, copies of the measures, up-to-the minute status and APA California letters and positions, please continue to visit the legislative page on APA California’s website at www.apacalifornia.org.

Housing and Infrastructure Bills
