State Capitol, Room 5144
Sacramento, California 95814

SUBJECT: **Support for SB 1120 (Atkins) – Streamlined Approval for Small -Scale Developments of Duplexes and Lot Splits**

Dear Assembly Member Aguiar-Curry:

The American Planning Association, California Chapter (APA California) is pleased to support SB 1120, which would require ministerial approval for both duplexes and urban lot splits if certain conditions are met.

APA California supports efforts to streamline and encourage housing development in a time when California continues to face an unprecedented housing crisis, compounded by the recent and ongoing impacts of the COVID-19 pandemic. SB 1120 specifically requires a local jurisdiction to ministerially approve a housing development of up to two units (a duplex) or the subdivision of a parcel map into two equal parcels (an urban lot split), while still allowing a jurisdiction to impose objective zoning and design standards that don't conflict with the provisions of this bill. The bill applies specific conditions that must be met to approve these types of developments, including that the development is located in an urbanized area and is not located on a number of protected and sensitive habitats or environmental hazards. The bill also applies important anti-displacement protections by prohibiting the approval of a development that requires the demolition or alteration of existing housing that is deed restricted or has been occupied for the last three years.

Finally, SB 1120 exempts the adoption of an ordinance to implement the provisions of SB 1120 from the California Environmental Quality Act (CEQA). With the exemption from CEQA, jurisdictions will be able to implement these legislatively approved changes quickly to encourage these types of developments that are consistent with state policy.

APA supports these changes to encourage the production of small multi-family projects, which will increase the market for generally more affordable units. If you have any questions, please contact Sande George, sgeorge@stefangeorge.com or Lauren De Valencia, lauren@stefangeorge.com, APA California's lobbyists.

Sincerely,

A handwritten signature in blue ink that reads 'Eric Phillips'.
